INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Opportunity Fund Community Development and Subsidiary
San Jose, California

We have audited the accompanying consolidated financial statements of Opportunity Fund Community Development and Subsidiary (a California nonprofit public benefit corporation) (the "Organization"), which comprise the consolidated statements of financial position as of June 30, 2018 and 2017, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Opportunity Fund Community Development and Subsidiary as of June 30, 2018 and 2017, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2018, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

1. NATURE OF OPERATIONS

Opportunity Fund Community Development and Subsidiary (the "Organization"), is a Community Development Financial Institution certified by the U.S. Department of the Treasury. The Organization was formed as a for-profit organization on December 8, 1993. On September 30, 2000, the Organization converted to a California nonprofit public benefit corporation. Since then, the Organization has been classified as a publicly supported, tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and is exempt from California franchise taxes under Revenue and Taxation Code Section 23701(d).

The Organization's mission is to enhance the economic wellbeing of working people by helping them earn, save and invest in their future. The Organization relies on earned revenue from interest and fee income generated by its mission-oriented programs as well as charitable donations from individuals and institutions to fund the costs of its operations. The Organization also borrows funds from public and private institutions to use as loan capital for its small business lending program. The Organization maintains offices in California and its programs reach clients and borrowers primarily in California but also in twelve other states. The Organization has the following programs and also promotes policies and research which further financial inclusion and impact measurement.

Small Business Lending program

The Organization makes loans to small businesses that lack access to affordable credit from traditional sources. Since inception, the Organization has made over 13,800 loans totaling $322 million to small businesses whose owners are primarily people of color and low and moderate income. In 2017, the Organization for the first time began offering loans outside of California in 12 additional states and intends to expand this footprint in the future. Virtually all loans to California based borrowers are enrolled in a loan loss reserve funded by the State of California as part of its Capital Access Program.

The Organization sells participations in its loan portfolio to a few institutions. The purpose of these sales is to manage credit concentration in the Organization's portfolio and to raise additional capital as it grows. Loans are sold at a premium over face value and the Organization retains the servicing of the loans, for which it charges a monthly fee.

New Market Tax Credits program

In 2003, the Organization was certified by the U.S. Department of Treasury Community Development Financial Institution Fund ("CDFI Fund") as a Community Development Entity ("CDE") under its New Market Tax Credit ("NMTC") program. As of June 30, 2018, the Organization has received a cumulative total of $348 million of tax credit allocations. The Organization through its subsidiary CDE, the LCD New Markets Fund, LLC uses these allocations to attract new capital to support large real estate projects providing high community impact in low-income areas. As of June 30, 2018 and 2017, the Organization has deployed $299.4 million and $254.2 million in Qualified Equity Investments (QEIs), respectively.

1. NATURE OF OPERATIONS (continued)

Savings program

The Organization administers a matched savings and financial education program in the San Francisco Bay Area. Since inception, the Organization has facilitated the opening of 6,252 savings accounts for clients and mobilized more than $20 million in individual savings and matching funds. During the year, the Organization decided to cease enrollment of new clients due to the elimination of Federal funding, which was the primary source of funding. The Organization will continue to administer the program for existing clients until the last client has exited the program which is expected in approximately six months.

Ratings

The Organization is rated by Aeris Insight, a national organization which provides ratings, data and advisory services to support investment in CDFIs. In June 2017, the Organization received an AA Four-star rating. AA is one of the highest Financial Strength and Performance ratings and indicates the Organization "has very strong financial strength, performance, and risk management practices". Four-star is the highest possible impact rating, demonstrating "clear alignment of mission strategy and activities".

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The consolidated financial statements have been prepared on the accrual basis of accounting which recognizes revenue when earned and expenses when incurred and, accordingly, reflect all receivables and payables outstanding at the end of the reporting period.

The Organization presents information regarding its consolidated financial position and activities according to three classes of net assets:

- *Unrestricted net assets* - are available to support all activities of the Organization without restrictions and include those net assets whose use is not restricted by donors.
- *Temporarily restricted net assets* - are contributions with temporary, donor imposed time or purpose restrictions. Temporarily restricted net assets become unrestricted when the time restriction expires or the donor stipulated purpose has been accomplished, at which time they are reported in the statement of activities as net assets released from restrictions.
- *Permanently restricted net assets* - represent contributions that are restricted by the donor for investment in perpetuity, such as endowments. The income from such invested assets may be available to support the activities of the Organization based on the donor's instructions. The Organization has no permanently restricted net assets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Principles of consolidation

The consolidated financial statements include the accounts of a subsidiary, LCD New Markets Fund, LLC (the "LLC") of which the Organization is the managing member with a 99% interest. The LLC is a Delaware limited liability company that was formed in April 2003. All material intercompany balances and transactions have been eliminated in consolidation.

Investments in NMTC entities

The following NMTC entities, over which the Organization exercises significant influence, are included in the consolidated financial statements using the equity method of accounting. The investment is recorded at cost then adjusted for the Organization's proportionate share of undistributed earnings or losses (see Note 7, 12, and 21).

The above limited liability companies were formed in the State of Delaware to qualify as CDEs under the provisions of Section 45D of the Internal Revenue Code and to make qualified Low-Income Community Investments from the proceeds of Qualified Equity Investments received from the NMTC Investor Entities.

Cash and cash equivalents

The Organization considers all highly liquid investments with a maturity of three months or less at the date of purchase to be cash equivalents.

Restricted cash

Restricted cash consists of cash with limitations on the Organization's ability to use it due to restrictions imposed by donors.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and grants revenue recognition

Contributed support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires during the reporting period in which the support is recognized, otherwise such support is reported as an increase in temporarily restricted net assets. All other contributed support is recognized as revenue when received or promised without conditions.

Loans receivable

Loans receivable are stated at the principal amount outstanding net of the allowance for loan losses (see Note 8). Interest income on a loan is accrued on the principal outstanding at the loan's stated interest rate.

The Organization prepares an annual assessment of its originations fee income and the cost associated with the origination of loans in order to evaluate the need for capitalization and amortization of these costs. The net amount of deferred origination fees and unamortized initial direct costs, if any, would be reported as part of the loans receivable balance to which it relates on the accompanying Consolidated Statement of Financial Position. As of June 30, 2018, the Organization had no net deferred origination fees nor unamortized direct costs recorded on the accompanying Consolidated Statement of Financial Position.

Sale and assignment of loans receivable

The Organization sells participations in its loan portfolio and its practice is to retain a small percentage of ownership in each loan. The Organization evaluates sale premium income and related servicing obligations annually in order to determine the need to record either a financial asset or liability on its balance sheet. As of June 30, 2018, the Organization has not recorded a servicing asset or servicing liability as the fees the Organization earns approximates adequate compensation for the costs associated with servicing participated loans.

Allowance for loan losses

The allowance for loan losses represents management's estimate of probable losses inherent in the Organization's lending activities. Credit exposures deemed to be uncollectible are charged to the allowance. Management evaluates the adequacy of the allowance based on historical and best efforts projected performance of its portfolio as well as internal and external factors and trends such as operational efficiency, national and local economic conditions and the adequacy of other cash loan loss reserves available (see Note 10). The allowance for loan losses is presented in Notes 8 and 9.

Investments

The Organization invests in marketable securities and fixed income instruments. Investments are recorded at fair value. Unrealized gains and losses represent market fluctuations and are recorded on a monthly basis. Interest and dividend income are recognized when earned (see Note 4).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair value of financial instruments

Financial instruments included in the Organization's Consolidated Statement of Financial Position as of June 30, 2018 and 2017, include cash and cash equivalents, receivables, investments, accounts payable and accrued expenses, funds provided for programs without recourse and notes payable with recourse to unrestricted net assets. For cash and cash equivalents, receivables, accounts payable and accrued expenses, funds provided for programs without recourse and notes payable with recourse to unrestricted net assets, the carrying amounts represent a reasonable estimate of the corresponding fair values. Investments are reflected in the accompanying Consolidated Statements of Financial Position at their estimated fair values using methodologies described in Note 4.

Property and equipment

Purchased property and equipment are stated at cost. Acquisitions of property and equipment in excess of $5,000 are capitalized. Significant donated property and equipment is recorded at estimated fair value at the date of receipt. In absence of restrictions regarding the use of such donated assets, contributions are recorded as unrestricted support.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets of five years for furniture and three years for computers and software. Leasehold improvements are amortized using the straight-line method over the lesser of the assets' estimated useful lives or the term of the applicable lease.

Concentration of credit risk

The Organization maintains cash and cash equivalents with commercial banks and other major financial institutions. Cash equivalents include overnight investments and money market funds. By policy, the Organization invests in low risk highly liquid investments at top rated financial institutions. Deposits, at times, might exceed Federal Deposit Insurance Corporation ("FDIC") limits. The Organization has not experienced any losses in such accounts. Management believes it is not exposed to any significant risk on cash accounts.

Concentration in contributors

For the year ended June 30, 2018, the Organization had two government entities who provided approximately 25% and 14% of total contributions. For the year ended June 30, 2017, the Organization did not have any concentration for contributions, as no one donor exceeded 10% of total contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Functional expense allocation

The costs of providing the various program and supporting services have been summarized on a functional basis in the consolidated statement of activities and changes in net assets. Accordingly, certain costs have been allocated, based on estimates of time, space, and other factors, among the classifications.

Advertising

Advertising costs are expensed as incurred. Advertising, promotion and marketing expense for the years ended June 30, 2018 and 2017, was $107,400 and $132,400, respectively.

Income tax status

The Organization is exempt from federal income taxes under the provisions of Section 501(c) (3) of the Internal Revenue Code. In addition, the Organization qualifies for charitable contribution deductions and has been classified as an organization that is not a private foundation. Income which is not related to exempt purposes less applicable deductions, is subject to federal and state corporate income taxes. The Organization had no unrelated business income for the years ended in June 30, 2018 and 2017, respectively.

The Organization is exempt from California state income taxes under the provision of Section 23701d of the Revenue and Taxation Code. The Organization may be liable for income taxes based on income earned in other states and in which it has not yet applied for exemption. As of June 30, 2018 and 2017, the Organization assessed the amount of state taxes, if any, to be immaterial to its financial statements and did not accrue any tax liability in its Statement of Financial Position.

Accounting for uncertainty in income taxes

The Organization evaluates its uncertain tax positions and will recognize a loss contingency when it is probable that a liability has been incurred as of the date of the consolidated financial statements and the amount of the loss can be reasonably estimated. The amount recognized is subject to estimate and management judgment with respect to the likely outcome of each uncertain tax position. The amount that is ultimately sustained for an individual uncertain tax position or for all uncertain tax positions in the aggregate could differ from the amount recognized. As of June 30, 2018 and 2017, management did not identify any uncertain tax positions.

The Organization is subject to potential examination by taxing authorities for income tax returns filed in the U.S. federal jurisdiction and the State of California. The tax years that remain subject to potential examination for the U.S. federal jurisdiction are years ended June 30, 2016, and forward. The State of California tax jurisdiction is subject to potential examination for years ended June 30, 2015 and forward.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Reclassifications

Certain 2017 balances have been reclassified to conform to the 2018 financial statement presentation. These reclassifications have no effect on previously reported change in net assets.

Subsequent events

The Organization's management has evaluated events and transactions subsequent to June 30, 2018 for potential recognition or disclosure in the financial statements. The Organization did not have subsequent events that required recognition or disclosure in the financial statements for the year ended June 30, 2018. Subsequent events have been evaluated through the date of the financial statements, September 19, 2018, which is the date the consolidated financial statements were available to be issued.

3. LIQUIDITY

The Organization presents a classified statement of financial position where the current assets are listed by order of liquidity and purpose.

3. LIQUIDITY (continued)

The financial assets that are available within one year of the Statement of Financial Position date for general expenditures and program needs are as follows:

	2018		2017	
	Operation	Programs	Operation	Programs
Unrestricted cash				
Cash	$ 7,645,912	$ -	$ 4,317,553	$ -
Money market funds	2,137,311	-	2,099,707	-
Short term investments	1,162,363	-	1,189,039	-

Total financial assets available for use within one year	$ 12,296,363	$ 30,033,369	$ 10,219,280	$ 30,577,032

The Organization's management reports on its operating and loan capital liquidity on a quarterly basis to the Finance Committee. The Organization manages its liquidity to be in compliance with its loan covenants. The Organization's loan covenants require it to keep at least 90 days of operating cash on hand. To help manage unanticipated liquidity needs, the Organization has a committed operating line of credit in the amount of $4 million, and committed undrawn credit facilities for loan capital in the aggregate amount of $31 million, which it could draw upon at any time. As of June 30, 2018 and 2017, the Organization had on hand approximately 207 and 150 days of operating cash; and 11 and 50 days of loan capital on hand. Both of these ratios exclude cash available from the operating line of credit and undrawn credit facilities for loan capital.

4. INVESTMENTS

The Organization follows the provisions of the Fair Value Measurements and Disclosure topic of the FASB ASC (820-10-35). These standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of significant unobservable inputs. All investments are at quoted prices in active markets for identical assets (level 1 input).

Investments consist of the following:

	2018	2017
Bank certificate of deposit	$ -	$ 26,698
Mutual funds	1,162,363	1,162,341
	$ 1,162,363	$ 1,189,039

Investment earnings (losses) during the year consist of the following:

	2018	2017
Interest income	$ 55,919	$ 40,097
Net realized and unrealized income/(losses)	(24,066)	(14,137)
	$ 31,853	$ 25,960

5. CASH - PROGRAMS

Cash - programs consists of the following:

	2018	2017
Cash restricted for per donor stipulation	$ 225,057	$ 335,990
Cash for loan capital	3,860,754	11,825,000
Cash for loan loss reserves (1)(2)	6,546,713	6,399,040
Cash for savings program match	445,362	1,400,665
	$ 11,077,886	$ 19,960,695

5. CASH - PROGRAMS (continued)

(1) This number includes $6,546,714 and $6,123,625 related to CalCAP reserves as of June 30, 2018 and 2017, respectively. In addition, there is $275,412 related to SBA reserves as of June 30, 2017. As of June 30, 2018, the Organization did not have any active SBA loans and the cash reserves were not required any more. The cash has been moved to loan capital account used to originate new loans. Not included are the CalCAP & ARB cash reserves controlled by the State (see Note 10).

(2) The Organization and the State of California's CalCAP program (see Note 10) jointly own a cash account held at a commercial bank. Each entity owns its own contributions made to the program when enrolling eligible loans.

6. CONTRIBUTIONS RECEIVABLE

Contributions receivable consist of unconditional pledges that have not yet been received. The Organization records a present value discount for the future cash flows of these pledges, if material to the consolidated financial statements. As of June 30, 2018 and 2017 a present value discount was not recorded as the amount was immaterial to the consolidated financial statements. The Organization evaluates contributions receivable for collectability annually. As of June 30, 2018 and 2017, an allowance for doubtful accounts for contributions receivable was not material and was not recorded.

Future maturities of these receivables are as follows:

Year Ending June 30,	
2019	$ 1,047,700
2020	171,000
2021	22,000
	1,240,700
Current portion	(1,047,700)
	$ 193,000

7. RELATED PARTY RECEIVABLES

Related party receivables from NMTC asset management fees and operating advances consist of the following:

	2018	2017
New Markets Fund X, LLC	$ 22,880	$ 22,880
New Markets Fund XIII, LLC	20,125	20,125
New Markets Fund XV, LLC	7,320	7,320

New Markets Fund XX, LLC	16,000	16,000
New Markets Fund XXIII, LLC	-	6,038
	$ 99,725	$ 105,763

8. LOANS RECEIVABLE

Small business loans

The Organization offers loans to small businesses from $2,600 to $257,500 with fixed interest rates ranging from 4% to 18.99% and terms of up to 60 months. Loans are fully amortizing and payments are due monthly. Interest is calculated on the outstanding balance. During the years ended June 30, 2018 and 2017, the Organization disbursed $92.7 million among 2,981 loans and $65.8 million among 2,192 loans in the Small Business Program, respectively.

Small business program loans receivable are as follows:

	2018	2017
Micro loans (1)	$ 10,859,674	$ 7,993,730
Small business loans (2)	116,181,586	79,878,373
Restructured loans	4,663,834	3,262,759
Total portfolio under management	131,705,094	91,134,862
Less third parties' portfolios under management (3)	(53,897,108)	(37,194,399)
Total Opportunity Fund portfolio	77,807,986	53,940,463
Less allowance for loan losses (See Note 9)	(3,888,749)	(2,697,023)
Small business loans receivable, net of allowance	$ 73,919,237	$ 51,243,440
Loans receivable, net of allowance - current	$ 25,352,553	$ 17,351,367
Loans receivable, net of allowance - non-current	$ 48,566,684	$ 33,892,073

(1) Loans up to $20,000.

8. LOANS RECEIVABLE (continued)

(2) Loans larger than $20,000 and equal to or smaller than $257,500.

(3) Balance of loan participations owned by third party investors. In the year ended 2018, Opportunity Fund sold participations in 726 loans for a total current year sale of $34.1 million. In the year ended 2017, Opportunity Fund sold participations in 1,219 loans for a total sale of $33.6 million.

Other loans

The other loans receivable are related to agreements that the Organization entered into with different organizations in previous fiscal years. No loans were originated in these portfolios during 2018 and 2017.

Other loans consisted of the following:

	2018	2017
Sobrato Affordable Housing Fund (1)	$ 35,577	$ 105,662
TeamWorks (2)	-	147,079
	35,577	252,741
Other loans receivable, net of allowance	$ 35,577	$ 252,741
Loans receivable, net of allowance - current	$ 35,577	$ 217,164
Loans receivable, net of allowance - non-current	$ -	$ 35,577

(1) Sobrato - The Organization has entered into agreements with Sobrato Affordable Housing Fund whereby Sobrato provided funds with recourse limited to the loans made with their funds plus any undisbursed cash (see Note 16).

(2) TeamWorks - The Organization entered into an agreement with TeamWorks Services, LLC to create the TeamWorks Capital Fund. This fund provided long-term loans with equity-like features to start-up worker-owned cooperatives. All loans were transferred to TeamWorks Institute, a non-profit organization, in July 2017.

9. PORTFOLIO QUALITY AND ADEQUACY OF LOAN LOSS RESERVES

Loan portfolio management

The Organization follows specific policies and procedures that guide its practices for screening applicants, underwriting and management of loans. A Credit Risk Committee comprised of professionals with relevant experience and at least one member of the Board of Directors assists the Board of Directors in fulfilling its responsibilities by providing oversight to the identification, measurement and management of the Organization's credit risk as well as reviewing the Organization's Credit Policies. This committee meets at least quarterly and reports a summary of the matters reviewed along with actions proposed to the Board of Directors.

In addition, the Organization issues a monthly and quarterly Portfolio Quality Report that provides management, board and financial partners with relevant information on portfolio growth, highlights of trends and data on past due loans, troubled debt restructurings, chargeoffs and concentrations of credit. Management periodically reviews and proposes updates to the Organization's policies, which in turn are reviewed and approved by the Board of Directors. Management monitors the adequacy of the Allowance for Loan Losses and Cash Loan Loss Reserves monthly. The Finance Committee reviews the adequacy of the Allowance for Loan Losses and Cash Loan Loss Reserves quarterly.

Troubled debt restructurings ("TDR's")

From time to time and as a result of an evaluation of a borrower's circumstances, the Organization considers modifying the terms of a loan that the Organization otherwise would not consider but for the borrower's financial difficulties.

As of June 30, 2018, there were 243 TDR's in the Organization's small business portfolio accounting for a total of $3,552,159 representing 4.6% of the total portfolio. As of June 30, 2017, there were 182 TDR's accounting for $2,645,541 representing 4.9% of the total portfolio.

9. PORTFOLIO QUALITY AND ADEQUACY OF LOAN LOSS RESERVES (continued)

Funds available to offset risk from loan losses

The Organization maintains an allowance for loan losses and cash loan loss reserves which together are adequate to cover potential losses from its portfolio ("Loan Loss Reserves"). The adequacy of this level is monitored monthly by management and quarterly by the Finance Committee. This Loan Loss Reserve Policy is reviewed annually by the Finance Committee with input from the Credit Risk Committee and maintained in accordance with generally accepted accounting principles.

The Organization's policy is to maintain Loan Loss Reserves at 15% or more of its outstanding portfolio. Notwithstanding the above, Opportunity Fund will maintain an additional allowance for loan losses equal to 100% of the total balance of loans past due 150 days or more.

Allowance for loan losses

The allowance for loan losses represents management's estimate of probable losses inherent in the Organization's portfolio. Credit exposures deemed to be uncollectible are charged against the allowance. Recaptures on previously charged-off amounts are credited to the allowance. Management evaluates the adequacy of the allowance based on historical performance and a best efforts forward looking evaluation of the portfolio performance, internal and external factors and trends such as operational efficiency, national and local economic conditions and the adequacy of other cash loan loss reserves available (see Note 10).

The following table summarizes the allowance for loan losses as follows:

	2018	2017
Balance, beginning of year	$ 2,697,023	$ 3,015,537
Provisions for loan losses during the year	4,303,196	2,347,287
Additional provision for loans 150+ days past due	2,675	150,068
Loans charged-off	(3,114,145)	(2,815,868)
Balance, end of year	$ 3,888,749	$ 2,697,024

Composition of the allowance for loan losses is as follows:

	2018	2017
Small Business Program(1)	$ 3,888,749	$ 2,691,223
Small Business Administration (SBA)	-	5,800
	$ 3,888,749	$ 2,697,023

9. PORTFOLIO QUALITY AND ADEQUACY OF LOAN LOSS RESERVES (continued)

Allowance for loan losses (continued)

(1) Excluding loans funded with money from the Small Business Administration of the US Department of the Treasury (SBA). As of June 30, 2018, Opportunity Fund exited the SBA Microloan program and has no loans funded with money from the SBA.

Cash loan loss reserves

In addition to the allowance for loan losses the Organization sets aside cash reserves and has access to funds from the State of California's Capital Access Program (CalCAP) (see Note 10).

10. CASH LOAN LOSS RESERVES

The Organization participates in a State program called the California Capital Access Program (CalCAP) that has been funded in part with Small Business Credit Initiative (SSBCI). SSBCI is a federal program that provides funding to states to expand access to credit for small businesses. Through this program the state provides cash reserves that protect the Organization against potential credit losses. When an enrolled loan is deemed uncollectable, the organization can claim 100% of the loss to CalCAP. This protection is limited to the amount of cash in those reserves. Nearly all of the Organization's loans to California-based businesses are enrolled in this program.

Cash loan loss reserves - CalCAP consist of the following:

	2018	2017
Opportunity Fund contributions to CalCAP Reserve	$ 6,546,714	$ 6,123,625
State contributions to CalCAP Reserve (1)(3)	4,142,188	6,411,209
State contributions to CalCAP ARB Reserve (2)	1,819,242	2,159,172
	$ 12,508,144	$ 14,694,006

(1) Reserves for small business loans with general purpose. This portion of the reserve is not included in the Organization's Statement of Financial Position.

(2) State reserves for loans extended to businesses in the trucking industry with the purpose of meeting environmental standards of the State of California. The Organization does not contribute to this reserve and it is not included in our Statement of Financial Position.

(3) During the year ending June 30, 2018, CalCAP withdrew $2.4 million of their contributions to the cash reserve to reflect enrolled loans that have been paid off. The funds withdrawn will be used to enroll additional loans to the program, though they are not earmarked for Opportunity Fund loans.

11. PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

	2018	2017
Computers and equipment	$ 255,347	$ 255,347
Leasehold improvements	166,968	166,968
Furniture	115,890	115,890

15. SAVINGS PROGRAM

The Organization, together with a financial institution partner, makes Saving Accounts available to eligible persons in the Bay Area. The Organization provides matched funds for low-income individuals and families, dedicated to such purposes as paying for higher education or building up a "nest egg" to be used in the future. The program also provides financial education for the participants.

When possible, the Organization maintains program funds in interest-bearing accounts with the financial institution partner. The funds are designated for matching participant savings. The funds received as conditional matching grants are recorded as unearned revenue until paid to clients, at which time, contribution revenue is recorded with an equivalent amount recorded as grant expense. As of June 30, 2018 and 2017, the Organization had unearned revenue in the amount of approximately $405K and $1,074K, respectively.

During the fiscal year ended on June 30, 2018, the Organization recognized $210,978 in matching contributions, of which $153,178 came from government grants and $57,800 came from private donors. During the fiscal year ended on June 30, 2017, the Organization recognized $527,782 in matching contributions, of which $259,829 came from government grants and $267,953 came from private donors. The Organization recognized $897,850 and $846,848 of matching expenses, respectively. As of June 30, 2018 and 2017 the difference between contributions and expenses is due to unrestricted revenues used to make client's matching contributions in the amount of $686,872 and $319,066, respectively.

During fiscal year 2017, the Organization decided to cease enrollment of new clients due to the elimination of Federal funding, which was the primary source of funding. The Organization will continue to administer the program for existing clients until the last client has exited the program which is expected in approximately six months.

20. RETIREMENT PLAN

The Organization provides a defined contribution 403(b) retirement savings plan ("Plan") for all eligible full and part time employees. The Plan provides for employee contributions, through a salary reduction agreement, plus employer contributions at the Organization's discretion and an employer matching contribution at various matching levels. During the years ended June 30, 2018 and 2017, the Organization contributed approximately $281,000 and $266,000, respectively, to the Plan for participating employees.

21. COMMITMENTS

New Markets Tax Credits commitments

The Organization provides indemnifications for its various NMTC projects in an event of a tax benefit recapture. The NMTC tax benefit recapture risk is based on the initial qualified equity investment amount, adjusted based on the life of the project. The indemnification period ends after ten years: seven years of the tax benefit period and three years nine months after the last tax return showing benefits has been filed.

The following recapture events may trigger indemnification by the Organization: (1) the Community Development Entity ("CDE") ceases to be a qualified CDE; (2) the CDE fails to meet the substantially all test; or (3) the Qualified Equity Investment ("QEI") is redeemed before the end of the tax credit period. Management has taken significant steps to mitigate these potential indemnification risks.

Management believes that the likelihood of a recapture event is remote. In the entire history of the NMTC program, management is not aware of one recapture event anywhere in the country.

21. COMMITMENTS (continued)

SINGLE AUDIT REPORTS AND SCHEDULES

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Opportunity Fund Community Development and Subsidiary
San Jose, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Opportunity Fund Community Development and Subsidiary (a California nonprofit public benefit corporation) (the "Organization"), which comprise the consolidated statements of financial position as of June 30, 2018, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated September 19, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies.

Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
Opportunity Fund Community Development and Subsidiary
San Jose, California

Report on Compliance for Each Major Federal Program

We have audited Opportunity Fund Community Development and Subsidiary (a California nonprofit public benefit corporation) (the "Organization")'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2018. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Organization's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States of America; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements*, *Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on Each Major Federal Program

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weakness or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Opportunity Fund Community Development and Subsidiary
Notes to Schedule of Expenditures of Federal Awards
June 30, 2018

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Opportunity Fund Community Development and Subsidiary (the "Organization") under programs of the federal government for the year ended June 30, 2018 and 2017. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements*, *Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Organization, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Organization.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting.

(2) Expenditures of federal awards made on or after December 26, 2014 are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(3) Expenditures of federal awards made prior to December 26, 2014 are recognized following the cost principles contained in OMB Circular A122, Cost Principles for Nonprofit Organizations, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(4) Expenditures reported on the Schedule includes the value of new loans made or received during the audit period plus the beginning of the audit period balance of loans from previous years for which the federal government imposes continuing compliance requirements.

3. U.S. DEPARTMENT OF TREASURY LOAN PROGRAM

The Organization has a U.S. Department of Treasury loan. The loan balance outstanding at the beginning of the year is included in the federal expenditures presented in the Schedule. The Organization received no additional loans during the year. The balance of the loan outstanding at June 30, 2018 consists of:

CFDA Number: N/A

Program Name: Small Business Lending Fund EQ2

Outstanding balance as of June 30, 2018: $2,236,000

4. INDIRECT COST RATE

Opportunity Fund Community Development and Subsidiary and Subsidiary has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.
